Location

Trabzon, located on the historical Silk Road, is a melting pot of religions, languages, and culture for centuries and a trade gateway to Iran in the southeast and the Caucasus to the northeast.

The city covers an area of 4,664 square km and now has a population of over 1.000.000 people. It has relatively high rainfall all year round, producing a landscape of lush greenery. The area is home to many beautiful species of plant and wildlife, many unique to the region.

Trabzon has a mild climate all year round. In summer the temperature is pleasantly cool, and in winter it's mild with an annual average temperature of 14°C. Beaches along the Black Sea coast are very helpful on such days and provide the visitors with a pleasant atmosphere with a sea water temperature of around 22°C.

Situated on the east coast of the Black Sea Region, Trabzon is quite easy to reach with its various transportation facilities with its intensive international airport.

Turkey is cheaper in many respects than most the western countries. It is also ranked the cheapest OECD country. Most Turkish students live on around 200-300€ per month including the cost of dormitories.

More Information

Trabzon University

Trabzon University was founded in 2018 which was previously a part of Karadeniz Technical University founded in 1955.

We have approximately 1000 academic, administrative, and technical staff. In fact, we have fruitful experience to successfully carry out the Erasmus+ Programmes. As a growing and developing university, we offer degrees from associate to bachelor's, master's to doctorate levels in various programs. We also offer Erasmus+ Program internship opportunities, in our International Office and our administrative and academic units.

Teaching language at Trabzon University is mainly Turkish. However, for Erasmus students it offers English courses. It is possible for incoming Erasmus students to take courses from different departments. Teaching at TRU is carried out in the form of lectures, seminars, practicals, group works and independent studies.
